

GARDENING ROSTER 2016

Please find the Gardening Roster below. I have just put pairs of families on each week. Ideally families will come in over their allocated weekend to weed, tidy, rake and sweep. There is not a set list of jobs – just use your common sense. The area where the students line up is important as we get LOTS of leaves and sticks there.

If you have a leave blower, cleaning the tiger turf is always much appreciated. 😊

Piles of leaves can be put at the back of the compost bins (which are near the vegie garden). Sticks can go back over the fence into the plantation.

There are rakes, brooms, and a wheelbarrow in the green shed, but it is sometimes easier to bring your own tools.

If every family does ONE HOUR when they are rostered on (and you are only on TWICE over the year) the yard and gardens stay neat and tidy.

Come and see me if you have any questions when it is your turn.

😊 THANK YOU 😊
